

## Pathfinder: World History/Global Studies Project

**Introduction** It is often hard to know where to begin your research for a history paper or project. We hope that this Pathfinder will make it easier for you to obtain the information you need for a good paper or project. It is important that you have your assignment sheet with you as you go through these steps so that you do not overlook anything important. Before you start looking for books and taking notes, you should think about:

**Citations** All projects and papers require you to list the sources of your information in a **Bibliography** and to give credit for quotes, statistics, images, and ideas from other people in **Footnotes**. Your assignment sheet probably gives the expected format for these. If it does not, several good sources showing how to set up your bibliography and footnotes are:

*A Guide to MLA Documentation* by Trimmer (808.02/T831)

*A Manual for Writers of Term Papers, Theses, and Dissertations* by Turabian (808.02/T92)

*MLA Style Manual* by Gibaldi (808.027/G437/Ref)

**Step 1** Check the **non-circulating Reference Books** in the library to get a **General Idea** of what is available on your topic. Some of the books you might look at are:

*Dictionary of World Biography* (B02/D554/Ref)

*Worldmark Encyclopedia of the Nations* (Ref. 903/W927)

*The Modern World* (Ref. 909/H673)

*History Behind the Headlines* (Ref. 909/H672)

*20<sup>th</sup> Century* (909.82/Ref)

*Encyclopedia of Asian History* (Ref 950)

*Encyclopedia of Modern Asia* (Ref. 960/P419)

*Peoples of Africa* (Ref.960/P419)

*History of Africa South of the Sahara* (Ref. 907/E56)

*Great Events from History* (Ref. 970/G786)

*MacMillan Encyclopedia of Native American Tribes* (Ref.970.1/J68)

Also check the **non-circulating Reference Books** by **Specific Topic** for example:

*The Ancient and Medieval World* (Ref 930/H673)

*Dictionary of the Middle Ages* (Ref. 909)

*Encyclopedia of the Enlightenment* (Ref. 940.25/E56)

*Chronicle of the French Revolution* (944.04/Ref.)

*Encyclopedia of the Holocaust* (Ref. 940.53/E56F)

*History of Precolonial Africa* (Ref.960.2/E56)

*Ancient Americans* (Ref.970/S363)

**Step 2** Find out what **circulating books** on your topic are owned by the **Morse Institute Library** by:

A. Searching the catalog by:

Subject

Keyword

Title of a book

Author

B. Copy down the title, author, and Dewey Decimal number of books(s) you are interested in and go to the shelves.

C. Look through each book's table of contents and index to see what might be helpful.

**Step 3** Check the **Minuteman Library Network catalog** ([www.mln.lib.ma.us](http://www.mln.lib.ma.us)) and choose "All Locations Collection" from the pull-down menu to see what other libraries have books on your topic. You can request a book on-line from the library or from home if you have set up a PIN number with the library. If you haven't set a PIN number, you can fill out a request slip at the library for the book you want and the librarians will put in the request for you.

**Step 4** If you need **Periodicals** for your report:

A. Go to the **Minuteman Library Network Catalog** page and click on "Databases and Internet Websites". Then select either "In-Library" or "Home Access" depending where you are.

B. You can use several databases to search for articles:

General Reference Center

Expanded Academic

Infotrac Student Edition

C. It is helpful to check "full text" before you enter the keywords for your search. By doing so, you'll retrieve the whole article instead of an abstract summary.

- D. Other resources available to you are the “Historic Boston Globe” and “Historic New York Times.” “Historic Boston Globe” is only available in the library. Combined, these two databases contain full articles and pictures for each newspaper from the late 19<sup>th</sup> century up until 2001. A librarian will help you use these resources.
- E. Several libraries in the Minuteman Library Network have the periodical *History Today* which has excellent articles on European and world history. Several libraries also have the periodicals *Europe-Asia Studies*, *Calliope*, *The Muslim World and Russia*, *Eurasian States*, and *Eastern Europe*. Ask a librarian to help you search for and request these.
- F. Some periodicals are available on the Web through these sites:

World Newspapers On-Line  
<http://library.uncg.edu/news/>

European History Resources

**Step 5** Many history assignments require the use of **Primary Sources** (documents written at the time of the event.) Use the library catalog to search for these using such key words as: “your topic and primary sources”, “your topic and documents”, or “Europe-History-Sources.” Some examples of collections of primary sources are listed below:

**A. In the Natick library**

*World History: Original and Secondary Source Readings* (909/W927)

*Eyewitness to History* (909/E97)

*Dictionary of Historical documents* (Ref. 909)

*The History of Europe* (940/H4)

*The Western Tradition* (909.09/W529)
